From the M25....

Going anticlockwise round the M25:

Exit the M25 at J9, turn right at the roundabout (3rd exit) onto A243 towards Leatherhead / Dorking. At the end of the dual carriageway, go straight over at the roundabout (2nd exit). After 500m, turn left at the next roundabout towards Ashtead and Epsom (this is the A24). After about 1.5 miles you will reach Ashtead, there is a Shell Garage on your left. Take the next left into Woodfield Lane. There are speed humps in this road, carry on past the first mini-roundabout and just before the second mini-roundabout there is an access road between the car sales and a newsagent. We are 50m down here. Park on the concrete ramp in front of the doors.
